

Join WAOPS Today!

The purpose of the Wisconsin Association of Osteopathic Physicians & Surgeons is to enhance the commitment of practicing osteopathic physicians and surgeons in Wisconsin to stay current of information and advancements in the dynamic practice of modern techniques, to maintain the highest medical and ethical standards, and ultimately to optimize service and care to our patients. This is encouraged by our members and promoted by our educational and informative process.

A glimpse into what is included...

Discounted membership rates on two conferences a year offering AOA Category 1-A credits. Conferences educate DOs in Wisconsin on current healthcare needs and advancements.

Members can become involved in a committee, a state delegate to the AOA, or a member and officer on the Board of Trustees to further their professional development.

User friendly website that includes current news, advocacy updates, networking resources, upcoming events for osteopathic physicians, and have access to a members only section of the website.

Quarterly newsletter that celebrates Osteopathic Physicians in our state and keeps members current on what is happening in the osteopathic specialty.

WAOPS serves as your voice before the AOA, State Legislature, Licensing Board, and occasionally to other groups such as insurance carriers.
